## WORKSHOP

## CAMERA MODULE FOR ACs & DPs

January 30, 2016\* Participant fee: \$150 CSC Members \$175 non-members • Lunch will be provided

## SONY® F55, F5, FS7, FS5, A7S2

One of the challenges for Camera Assistants and Directors of Photography in today's rapidly advancing technology is keeping up with all the new camera systems that seem to appear monthly.

The CSC's camera module for ACs & DPs will help you keep on top of the current technology. The pros and cons and idiosyncrasies of new and emerging systems will be covered in this one day workshop.

A CSC Director of Photography, with experience on the Sony series camera systems, will be on hand to talk about the practical and unique aspects of the system. It will be an opportunity to get your hands on the new technology and talk to someone who has used the camera in the field.
